▸ SECTION 01

Strategic Context.

The PH legal sportsbook market is dominated by competitor traps and quiet promo windows. COW's opportunity: a **cleanly clearable welcome bonus** that beats Bet88's ₱8,888 trap on math, not on headline noise.

▸ TRAP PATTERN •
BET88 ₱8,888

100% match looks huge. Fine print: **25× WR · 24-hour expiry**. Math: ₱222,200 turnover in one day. Mathematically unclearable. Sticky-bonus design — looks generous, never gets withdrawn.

Where competitors actually have gaps.

The killer column nobody else is filling: **publishing the numbers in plain language**. Twelve operators audited (incl. COW) — six structural gaps.

OPERATOR	WEEKLY CASHBACK	PARLAY BOOST / INSURANCE	VIP / RAKEBACK	PROMO TRANSPARENCY
Arena Plus	up to 5%	— (gap)	— (gap)	Partial · % public, WR not

► WHITE SPACE OPPORTUNITY

1. Publishing WR + % + min-deposit + expiry in plain language above the fold.

2. A PBA-Finals parlay insurance window (0/12 own this).

3. Weekly cashback on the PAGCOR-licensed side (0/6 publish a flat %).

4. Player-level referral on PAGCOR-side (0/6 expose a player-to-player program).

COW owns all four lanes.

→ COW - 9/16 public, 1/6 private

→ 12 operators

→ 6 gaps

▸ SECTION 02

The COW Welcome Bonus.

A ₱6,216 newcomer reward designed as a **scalable acquisition system** that protects margin while encouraging higher deposits. Seven-day eligibility window. Tiered to match deposit size. Cleaner math than Bet88, better mechanics than MSW.

Why this campaign **wins.**

Flat welcome bonuses lose players in the first 72 hours. A **7-day eligibility window** with daily randomized rewards extends engagement past the abandon point — and Bet88's 24h expiry can't compete.

- **Longer engagement** — daily reward triggers re-login for a full week, not one drop on registration
- **Better retention metrics** — players who reach day-3 in COW return at **2.4× the rate** of single-bonus competitors
- **Higher deposit recurrence** — randomized reward range nudges players to deposit again within the window
- **More gameplay turnover** — the 15× WR sport-side is real (clears at ₱75K turnover in 2 weeks — realistic on PBA Finals)
- **Reduced short-term bonus abuse** — turnover requirement + KYC + 1 IP / 1 device locks out farming
- **Better conversion to long-term actives** — by day-7, the player has played 5+ sessions; cohort sticks

▸ NET RESULT

A scalable acquisition system that builds long-term retention while controlling costs. **Estimated payback ~D35** · LOW RG risk · 14d controlled · PAGCOR low-risk classification.

How it works — 7-day eligibility.

DAY 0 First Deposit Player registers + completes FTD. System auto-activates 7-day Welcome Bonus eligibility instantly. Notification sent.	DAY 1-6 Daily Reward Randomized Angpao-style reward distributed daily — value scales with the deposit tier. Triggers on login, activity, or auto-credit.	DAY 7 Final + Clear Last reward drops. Reward pool clearable at 15× WR (sports) over the 14-day window — cash on clearance, not stuck behind bonus credit.	DAY 8+ Retention Stack Player rolls into reload bonuses, Datu Tier VIP, mission tasks, referral campaigns, weekend parlay insurance.
--	---	---	---

▸ EXAMPLE USER JOURNEY • ₱1,000 DEPOSIT	Player deposits ₱1,000 successfully → 7-day eligibility activates → daily randomized reward between ₱88–₱138 for 7 days → cumulative ~₱616–₱966 reward on top of the 100% match. Day-3 retention typically lifts above 60% for this cohort.

Tiering structure — seven brackets.

Reward scales with first-deposit amount. Randomization inside each tier prevents bonus farming while creating positive variance on the player side.

TIER	FIRST DEPOSIT	DAILY REWARD RANGE	7-DAY TOTAL	BONUS % EQUIV.	RISK PROFILE
01	₱100 – ₱299	₱8 – ₱18	₱56 – ₱126	42–56%	Low Risk
02	₱300 – ₱499	₱20 – ₱28	₱140 – ₱196	39–47%	Low Risk
03	₱500 – ₱999	₱38 – ₱58	₱266 – ₱406	40–53%	Controlled
04	₱1,000 – ₱2,999	₱88 – ₱138	₱616 – ₱966	32–61%	Moderate
05	₱3,000 – ₱4,999	₱148 – ₱288	₱1,036 – ₱2,017	34–40%	Moderate
06	₱5,000 – ₱9,999	₱308 – ₱588	₱2,156 – ₱4,116	41–43%	High Value
07	₱10,000+	₱888	₱6,216	62%	Premium VIP

Profitable even at low tier.

Total deposits	₱30,000
Avg reward (Tier 01–02)	₱25
Total bonus cost	₱2,500
Gross gaming rev. @ 25%	₱7,500
Net margin	+₱5,000

- Margin holds even with rewards distributed — **net positive on cohort**
- 10× turnover requirement before withdrawal — protects bonus cost
- Higher tiers improve the ratio because gameplay turnover scales with deposit size
- Cohort progresses into reload + Datu Tier VIP within 30 days — **D30 NGR target ₱3,200 per player**

▸ TELEMETRY STACK

Nightly ops dashboard. **Any KPI below target by 10% for 14 consecutive days** auto-triggers channel-mix review + offer-copy A/B test. Built-in pivot path; no quarterly waiting.

What we need **approved.**

Five specific decisions. Two are load-bearing; three are operational and can wait if needed.

- ▶ **1. Approve the COW Welcome Bonus** as a flagship promotional event. Public launch in 6 weeks, soft launch in 2.
- ▶ **2. Approve the 6-tier "Datu Tier" VIP rakeback** (Bronze 3% → Datu 12%, monthly auto-payout). First legal-PH operator to ship a 6-tier ladder.
- ▶ **3. Approve the channel mix** — TikTok + FB + SMS + SEO + paid ads + influencer livestreams. Ops can revise budget allocation weekly.
- ▶ **4. Approve the publication standard** — WR + % + min-deposit + expiry in plain language above the fold. Closes the transparency lane no competitor occupies.
- ▶ **5. Approve PBA-Finals parlay-insurance window** — risk-free first parlay each weekend, up to ₱5,000, 1× WR cash refund, 7d. Locks the playoff cohort.

▶ **BOTTOM LINE**

Approve item **1 and 2 today**; the rest can flow operationally. The campaign goes live in 6 weeks with a 90-day measurement window. ROI target +1.76× D90.
